CONGRATULATIONS

Tullawong Juniors won the first round of the Rugby Union 7’s!

Jack C named player of the final and received a prize pack.

To keep up to date with school news check out our school website!
www.tullawongss.eq.edu.au
A common goal that we all share is a better future for our children and this shared dream should be the starting point for all our conversations. The future of our planet, our country and our families is dependent not only on the quality of the education we provide, but the way in which teachers and parents work together. In one of his famous speeches, Nelson Mandela said,

“Education is the great engine of personal development. It is through education that the daughter of a peasant can become a doctor, that the son of a mineworker can become the head of the mine, that a child of farmworkers can become the president of a great nation. It is what we make out of what we have, not what we are given, that separates one person from another.”

Education is not just about curriculum, but the entire experience of schooling. Students thrive in schools where parents and teachers give consistent messages and model appropriate behaviours. Parents should be asking students about what they are learning at school and talking to teachers about how their children are progressing. If there are issues with how the school is teaching your child or disciplining your child, you should sort this with the staff away from the students. There have been too many occasions this year where I have seen parents arguing with teachers in front of students. This does not help the student at all in the longer term. Students need to see an agreed position that has been negotiated between staff and parents. Students need to have confidence in the way in which adults work together to enable them to build their own confidence. We as teachers need to reach out and communicate better with parents and we also need to demonstrate how we can respectfully discuss problems.

On Tuesday 30th August, as part of the P&C meeting, I will be running a workshop titled, “Building Confident Learners”. Thank you for your support and I look forward to seeing some of you there on Tuesday.

Iqbal Singh
Principal

JUNIOR SCHOOL JARGON

Active Learning
Congratulations to our Prep teachers who attended the recent Age Appropriate Pedagogies day. This was a fabulous way to share our children's learning. Our young learners and teachers have had fun developing movement challenges, 'foraging' for interesting words, working together to bounce ball on parachutes, working together to make numbers with our bodies, stepping out sounds and blending the words and making number lines. Being physically active across all learning areas is a natural part of learning. It improves young children’s focus, concentration and motivation in learning. Also importantly, children develop their self-regulation. That is their ability to regulate their own bodies and emotions to be involved in learning but also to not interfere or distract others from learning. These are important life long learning skills that successful learners use every day.

Swimming
Congratulations to the year 1-3 children and teachers who have undertaken the swimming program with such enthusiasm. We are half way through the block and the children’s confidence in the water has improved incredibly. Thanks to parents for supporting this program and to Mr Buckman for his coordination and our tireless office staff for making it all happen.

Helen Williams
Deputy Principal
Prep & Year 1

MIDDLE SCHOOL MUSTER

Year 2/3 swimming is going great. It is encouraging to see so many students taking up the opportunity to learn to swim or further develop their swimming skills.

Last week we had our fun run. It was very enjoyable to see all students participating in the run and having a little fun while raising funds for the school.

Tracy Hetherton
A/Deputy Principal
Year 2 & 3

SENIOR SCHOOL SCOOP

National Science Week
Year 5 and 6 students attended an enjoyable presentation last Wednesday to celebrate National Science Week. We watched scientific things happening to rubber gloves and rubber ducks, toilet paper and blower vacs. We saw lots of brightly coloured flames and heard lots of loud explosions - it was great fun! You can find out more at www.streetscience.com.au. You can find cool scientific experiments you can do at home, as well as find out about the importance of science in our everyday life.

QUT Creative Industries Day at Tullawong SHS
Yesterday our grade 6s went to Tullawong State High School to participate in a range of activities including woodwork, drama, dance, making keyrings, and using computer programs such as Adobe. They got to explore the school grounds and become familiar with the facilities. The students thoroughly enjoyed the day.

Thank you to the High School and our year 6 teachers for making it such a productive and enjoyable day.

Tim Adsett
Deputy Principal
Year 4,5 & 6
From the School

DENTAL NEWS

Year 6 students were issued Dental Forms at the start of term (unless they had been seen within the last 6 months). If you still wish to return your Year 6 form, please do so A.S.A.P.

Any other year levels who have not been seen in the last 6 months, and would like a Dental check, please come to the Van and collect a form.

If you are unsure how long since you have been seen, please come and ask.

Under Medicare rules, check-ups can only be after 6 months from the last check-up.

Under Queensland Health rules, a parent, guardian or responsible adult must attend every appointment.

It must be a parent or guardian at the initial check-up.

Any queries, please come and see us.

Dental Van Staff

HUB HAPPENINGS

The HUB is buzzing as one of Tullawong’s talented students, Mitchell Duncan has been awarded a medal for completing the 2km event of the Sunshine Coast Marathon last weekend! Congratulations Mitch from all at Tullawong! His ambitions and goals have been set higher as he said, “Next year I’m going for the 5km! Is there no stopping Mitch? We are all so proud of you, your achievements and your sheer determination!

Tullawong State Primary is leading the way with the support offered to our students. We already have additional support such as Hear for Kids, the QUT engaged in assessments of selected students, Story Dogs and Youth Excel with an Onsite Psychologist.

Onsite Occupational Therapist

The really exciting news is that from next term, Tullawong will also have an Onsite Occupational Therapist, Sean who is from Doveston Body Concepts Health Clinic. All Tullawong students will have the opportunity to access this if required.

The Occupational Therapy will include such needs as:

* Paediatric assessment and intervention,
* ADLs (Daily Living Skills)
* Self-Management and Organisation
* Play, behaviour and social skills
* Handwriting & fine motor skills
* Cognition & perception
* Visual motor integration
* Sensory processing

Funding may provide free access. This will include the Better Start Program, referred by a paediatrician and free consultations available if referred by a GP under the Chronic Health Plan. Please ring the school if you are interested in getting further OT. assistance for your child.

Therese Daamen
HOSES
ONSITE OCCUPATIONAL THERAPY SERVICE

Paediatric Occupational Therapy Services by Highly Trained Professionals

SEAN BOYLE
Occupational Therapist

Tullawong State Primary School are excited to announce the addition of onsite Occupational Therapy Services provided by local allied health clinic Doveston Body Concepts.

A child’s occupation is to play and learn. Some children can have difficulty with this, and it can be a result of their individual learning styles, a specific injury or event in the child’s life or by the way they were born. If a child’s learning is inhibited, this can affect independence and self-esteem throughout childhood and into adult life. We welcome Sean our new Occupational Therapist who is here to help our children to live more independently and improve their capacity to play and learn.

Doveston Body Concepts offers occupational therapy services to the children of the Moreton Bay Region from the Morayfield clinic as well as onsite service at Tullawong State Primary School on Mondays the between the hours of 9.00am -12.00pm starting Term 4.

Sean will evaluate a child’s ability to participate in everyday activities and monitor school performance outcomes as well as assess physical capacity, social awareness and environmental contributions to the child’s learning.

We work with children of all ages and their families, to help enhance necessary skills for everyday life including social skills, learning and behavioural difficulties, handwriting, and all activities of daily living. Occupational therapy may also include making changes to the child’s environment such as their school or home to help the child be more independent.

As a Paediatric Occupational therapist, Sean’s aim is to allow our children and adolescents to develop their independence in everyday tasks such as:

- Fine motor skills
- Gross motor skills
- Behaviour and Social Skills
- Handwriting
- Table top and School Readiness
- Self-care skills
- Play skills
- Visual perception
- Sensory processing

If you would like any further information about the service, funding options and the referral pathway to this service please contact Therese Daamen or HUB office.

Caboolture & District Athletics Report 2016

On Tuesday and Wednesday August 2 & 3, forty eight (48) students from Bunyi, Kabul, Maiba, and Waran, combined to form the Tullawong Athletics Team, and went along to the Annual Caboolture District Schools Athletics Carnival.

The Athletes were greeted by perfect conditions, and this paved the way for some excellent results. The school placed 5th for total points for A (Large) schools and overall.

Podium Finish: The following students earned a podium finish (1st, 2nd or 3rd) and received a District ribbon for their efforts:

<table>
<thead>

<td>3rd 200m</td>
</tr>
</tbody>
</table>

Every ones favourite the Relay, showed much excitement with all teams running very well. Senior Boys 6th, Senior Girls 6th, Junior Girls 3rd and Junior Boys 3rd.

Special mention to Bill and Jaiden, they are class mates and push each other during school training runs. Jaiden dominated his 800m event and Bill showed great speed to win the hotly contested sprint races, we are looking forward to hearing how they go at the Regional Carnival, September 1 and 2.

Thank you to all, Mrs Edwards (Manager), Parents and competitors for your efforts in both competition and behaviour, fantastic ambassadors for our school.

Mr Buckman
PE Teacher
3B’s Cooking adventure……

Last Term 3B was learning all about procedural texts. To help us with our understanding of how to write and perform a procedure 3B was cooking once a week.

3B’s first cooking adventure was to make some delicious zucchini and carrot muffins. Our first step was to write a procedure on how to make zucchini and carrot muffins. We did this as a class before we went to cook the muffins. After we had written the procedure we then used our procedure to prepare the ingredients and equipment and then we worked in small groups cooperatively, with an adult.

After we had made the muffins we put them into the oven to bake for 18-20 minutes. Once they were golden, we let them cool down. After they had cool down we were able to enjoy our favourite step of the procedure, which was to EAT the muffins! 3B thoroughly enjoyed the muffins we cooked, they were delicious!

LOST PROPERTY
We have quite a large volume of items in our lost property bin, including many jumpers. If you are missing items please check and ensure all personal belongings are clearly marked.

Tullawong State School
P&C Association
Father's Day Stall 2016

The P&C Association would like to be able to offer every student at Tullawong the opportunity to choose and purchase their Dad/Carer a Father's Day Present from a stall at school.

To have enough items available, we are asking families to donate a NEW item per student (up to the value of $5.00) which is suitable to be sold at the Father's Day Stall (eg coffee mugs, stubby holders, chocolates, puzzle books, stationary, tools etc). Donations are needed by the 31st August and can be dropped in at the Uniform Shop.

If you do not have time to shop for an item, we will happily accept cash donations at the Uniform Shop so we can then buy items for the Stall.

The Father's Day Stall will be held on Thursday 1st September and Friday 2nd September.

The Students will shop with their class on Thursday.

If they forget their money or wish to buy another gift, the Stall will be open Friday before School, First Session and First Break.

Don’t forget to send your child with shopping money on the Thursday (maximum price $5.00 - money sent will be money spent).

A sky full of prizes to be won.

The Dollarmites have discovered Prize Lights in the Outback sky and they want to share these spectacular prizes with School Bankers.

Keep saving to discover the Prize Lights

Simply make three or more School Banking deposits during Term 3 for a chance to win one of the Star Saver prizes, including camping kits, instant cameras and magazine packs.

What’s more, if you complete the fun Stargazing online activity, along with making three or more School Banking deposits during Term 3, you’ll also have a chance to win one of 50 Supernova prizes – PlayStation 4 packs.

To complete your Stargazing online activity, or to find out more, visit commbank.com.au/prizelights

Your child’s wellbeing starts at home.

We can help.

Free Triple P seminars at Goodstart

Triple P is an internationally-recognised evidence-based Positive Parenting Program.

Our next seminar
Topic: Positive Parenting
Date: 7 October
Venue: Tullawong State School
Bookings: triplep-parenting.net

Our educators are accredited Triple P practitioners. We can help you create positive family environments that encourage children to realise their potential.

Why attend a Triple P seminar?
• Meet other families and discuss solutions for real-life parenting issues and concerns.
• Discover proven strategies you can try immediately at home.
• Work with Goodstart educators to find the approach that works best for your family.

Learn about:
• The power of positive parenting
• Raising competent, confident children
• Raising resilient children.

Learning environment vs. home environment

In our early learning centres, we may negotiate conflicts and manage behaviours differently than you do at home. That’s because as professional educators, we use practices best suited to an educational setting, like the Triple P parenting strategies we’ll share with you. There’s no “one size fits all” approach. We’ll work with you to find what works best for your child.

Learn more about Goodstart’s approach: goodstart.org.au/parents-place
Learn more about the benefits of Triple P: triplep-parenting.net

FREE TRIPLE P @ Tullawong

All parents are invited to attend the Triple P seminar on 7th of October. Triple P is an internationally recognised program the topic is Positive Parenting.

To take part please book online at triple-parenting.net.

Parents can also make bookings online through the school library from 8-9 or 2-2.30 in September.
STUDENT ABSENCE LINE
5431 4660
24 Hours a day
7 Days per week

All student absences must be accounted for and recorded on the school computer system. To make this easier for parents we have a special student absence line that you can call 24 hours a day, 7 days a week to leave a message about your child’s absence.

It is important that you leave the following information:
*Parent name
*Student name
*Class
*Reason for absence

CASHIER WINDOW IS OPEN

<td>Dear parents and Families of Tullawong State School. The term is flying by and we are well on our way to the next school holidays. We have a huge fun and exciting program happening over the holidays, so if the children tend to get a little bored or you need a day off please come on over to the hall for more information. Prices start as low as $3.69 per day. At Helping Hands Tullawong, we have set behaviour expectations which children are required to meet. Children not meeting the minimum standard of behaviour for Helping Hands will be required to complete a behaviour plan which will be monitored on an ongoing basis until behaviour is rectified. Children displaying appropriate behaviour and helping others will be rewarded with a ticket in our ‘gotcha’ prize box which will be drawn each Friday!! Congratulations to Keelan and Angelina who were our ‘gotcha’ winners last week. We are still collecting family pet pictures to share with each other. Please bring in a copy of your child/ren with their pet/s to display on our family pets wall. Have a fantastic week and I look forward to seeing all of your smiling faces at the hall! Miss Jess!</td>
<td>We have been experimenting with colour mixing by completing many different types of painting including shave foam paint, water straw blow painting, butterfly painting, marble painting and string painting. The children are excited to come in the afternoons to see what we will be doing next. Our beautiful artwork will be displayed in our individual portfolio books which will go home at the end of the year. We love to use our imaginations to role play, our focus this week has been doctors. The children have sourced their own learning by using the resources in their environment such as table cloths, lace, old bandages, paper and lots and lots of sticky tape. It has been awesome witnessing the conversations the children have about what their medical needs are and how their friends plan on fixing them.</td>
<td>Last week we began playing with kinetic sand, which brought our senses to life! We will be extending this by providing a variety of gooey, sticky and gritty activities to learn about different textures. If you know of a cool activity that you have done at home or have seen on the internet, why not give us a heads up so we can also do it here! At Helping Hands we encourage fun and imagination. If your child has loads of energy to get out once they come home of an afternoon, why not enrol them in after school care where we will assist in expelling that energy with indoor and outdoor activities. We still have vacancies available so why not pop in for a chat a have a look around. Hope to see you soon!</td>
</tr>

**WE PROVIDE BREAKFAST AND AFTERNOON TEA EVERYDAY AS WELL AS FANTASTIC ART, CRAFT, SPORT AND COOKING EXPERIENCES THAT YOUR CHILDREN WILL LOVE!**

- **Before School Care from $3.96 per session**
- **After School Care From $4.10 per session**
- **Vacation Care from $ 3.62 per day**

*Based on your income for 1 child in care per session after CCB and CCR*

**COME IN AND CHECK OUT OUR PROGRAM!**
This two-day conference features speakers for children and their parents followed by exciting children’s workshops and seminars for parents.

A range of workshops will be on offer, with challenging activities pitched at abilities rather than age. Workshops include Build-a-Bug, Art in the 21st Century, Tournament of Minds, Calligraphy, Orienteering, Drama Claymation, First Aid, Meditation, Bridge, Latin, Insect Pinning, Cooking for a Tea Party, World of Flight, plus many more.

The Children With Potential conference seeks to give children and their parents insights and self knowledge of lasting value. This is a wonderful opportunity for students to meet other children of like mind and to establish new friendships. For further information visit www.thelakescollege.com.au.
